## THE GATEWAY OF NORTH AMERICA

Harris County has long been regarded as a robust center of international trade and home to one of the world's busiest ports. Our region provides a vital and essential gateway for trade linking North America with international markets around the globe.

Developments have the capacity to impact not only the local economy, but the nation's economy. On Thursday, October 23rd we will take a look into the future of trade and transportation in our region and find out what we all need to know to keep this vibrant economy going and our businesses growing.
